Turnstiles and solutions for checkpoints

PERCo

PERCo is a leading Russian manufacturer of security systems and equipment and one of the top 5 leading manufacturers in the world. PERCo products are well known for high quality both in Russia and abroad, and they are exported to 96 countries.

The company has a customer experience center and warehouse in Dubai.

PERCo offers a wide range of turnstiles, swing gates, and railing systems to meet each customer's unique needs. Our turnstile experts can help you select the right access control solution.

PERCo has thousands of installations worldwide, including those at industrial enterprises, public and educational institutions, banks, hospitals, sports, entertainment, transport and other facilities. You will find some of the installations in this brochure.

Customer experience center

PERCo has been producing turnstiles since 1988.

Thanks to state-of-the-art production facilities and advanced engineering innovations, PERCo designs, manufactures, and successfully markets products that meet international standards of the security industry. Nowadays, the company's team includes over 500 strong qualified professionals.

Integrated with access control systems, PERCo products

ensure a security level that satisfies even the most exacting requirements.

PERCo is very particular about the effective operation of its products and provides its sales partners with onsite technical support. The PERCo quality management system is certified in accordance with the ISO 9001:2015 international standards.
