BB01 Retractable belt stanchion

PERCo

Application

The BB01 Retractable belt stanchions are designed to form passage zones, arrange queues, and divide premises into zones at shopping complexes, retail outlets, business centers, hotels, airports, cinemas, hotels, museums, and mass cultural events.

Reel with a barrier belt

Stanchion post with a reel

Design

The stanchion's posts and weight flange are made of stainless steel. Posts – 63.5 mm diameter tube; base disk diameter – 350 mm. The post base is outfitted with a rubber ring to protect the floor from damage.

Weight material – cast iron.

Reel material – plastic.

Operating conditions

In terms of resistance to environmental exposure, the BB01 stanchion complies with GOST 15150-69, category N1 (outdoor operation).

The product may operate at an ambient air temperature from -20°C to +50°C and relative air humidity of up to 80% at +25°C.
